

CHAB Camp 2010

(CHAB = Combined Heat And Biochar)

(Camp = learning, making & demo-ing)

When: Mon, Aug 8th to Friday, Aug 13th, 2010

- plus Welcome BBQ, Sun, Aug 7th @ 5 PM

- plus “CHAB Demo Day”, Fri, Aug 13th

Note: NOFA (Northeast Organic Farmers Association) Summer Conf starts 2 PM, 8/13

Where: NESFI (New England Small Farm Institute)

Belchertown (western Massachusetts, 10 miles SE of Amherst)

Lead by: Drs. Paul Anderson, Tom Reed & Hugh McLaughlin

Focus: Understand and make devices that produce BOTH Heat and Biochar. These are “participatory activities” for serious study of retorts, TLUD gasifier stoves, etc. to solve real world problems.

Cost: US\$250 (includes CHAB supplies, fuel, fire, cold breakfast, liquids throughout, occasional food sampling, etc.)

Support Systems: Free camping space @ NESFI (no hook ups), or use nearby lodging, food, etc. in Belchertown

More Info: (after 1 July) www.smallfarm.org and via Listservs.

Sign Up: Pre-registration by July 15 is important; spaces could be limited, or special topical groups could be arranged.

E-mail your contact info to: neba-biochar@charter.net
